RETHINKING PRODUCTIVITY

Get a ridiculous amount done in your day without having to work long, tedious hours.

It's not WHAT you do. It's WHEN you do it.

Align your day with your brain and body so you work smarter, not harder.

Learn how to:

- Recognise the habits holding you back (and how to rewire them)
- Maximise your first 2 hours and set yourself up for daily success
- Build on your body's strengths for better performance
- Track your patterns and create a personalised workflow
- Discover the optimum time of day for new business, meetings, emails, projects and more.

The way you plan your day is the key to your productivity and Donna shows you how to do great work, consistently.
